MEMORANDUM ON EMPLOYER LIABILITY

I. ARE YOU AN EMPLOYER LIABLE UNDER THE WISCONSIN UNEMPLOYMENT INSURANCE ACT?

A. An employer is required to comply with the payroll tax provisions of the Wisconsin U.I. Law on all coverable Wisconsin payroll:

- (1) Retroactive to January 1 of a calendar year if the employer,
 - (a) Paid or incurred a liability to pay wages for employment in Wisconsin which totaled \$1,500 or more during any calendar quarter in either that year or the preceding year; or
 - (b) Employed one individual (full or part-time and not necessarily the same person) in each of 20 or more calendar weeks in Wisconsin in either that year or the preceding calendar year; or
 - (2) Retroactive to the first Wisconsin payroll of a calendar year, if the employer is subject to the Federal Unemployment Tax on its total payroll in all states; or
 - (3) Effective as of the date an employer acquires all or some portion of a Wisconsin business already covered by this statute. Not all business transfers result in a mandatory successorship. The statutes require that both the transferor (seller) and transferee (buyer) give notice of any business transfer within 30 days of the transfer date.
- B. The Wisconsin U.I. Law contains separate provisions relating to the coverage of nonprofit organizations, and the coverage of agricultural labor and domestic employment. If you are a nonprofit organization or an employer of agricultural or domestic labor, request the appropriate coverage information.
- C. If conditions develop which indicate a liability under the law, the Unemployment Insurance Division of the Department of Workforce Development must be notified. Prompt compliance where a liability exists will avoid the assessment of late filing fees and interest charges. Late filing fees are assessed each quarter, and interest is computed on unpaid tax at the rate of 1.0% per month. There is no statutory authority to waive interest.

II. PART-TIME WORKERS, PAID CORPORATE OFFICERS, AND COMMISSION PAID SALES PERSONS ARE EMPLOYEES.

"EMPLOYER" means any person, partnership, association, corporation, whether domestic or foreign, or their legal representative.

"EMPLOYEE" means any individual performing some service for "wages".

"WAGES" means any form of remuneration for a given period. It is immaterial whether wages are paid on an hourly basis, fixed salary per payroll period, on a commission basis, piecework or job arrangement, or by payment in kind (board, room or merchandise).

An employer operating more than one business in Wisconsin UNDER THE SAME LEGAL OWNERSHIP must combine payrolls and employment for the purpose of determining employer liability and reporting tax liability under this statute. Part-time employees must be counted even though they may be otherwise engaged in self-employment or in employment with another employer. Paid corporate officers must be included in any employee count even though their salaries may be on an accrual basis. Individuals working as commission paid sales persons are employees under this law, unless they are insurance or real estate sales persons paid solely by means of commission, or engaged in "direct" sales.

III. EMPLOYERS ENGAGED IN CONSTRUCTION TRADES.

Employers in Wisconsin engaged in the construction of roads, bridges, highways, sewers, watermains, utilities, public buildings, factories, housing or similar construction projects must pay contributions at the average rate for all construction industry employers on their first two years of Wisconsin payroll.

IV. 2005 INITIAL TAX RATES.

The tax rate for new employers engaged in business in the construction industry in 2005 is 6.60%. All other new employers' rate is 3.25%. Taxes are assessed on the first \$10,500 in wages paid each employee within a calendar year.

Tax due dates for new employers vary according to the date liability is incurred. The latest due date for 2005 taxes is January 31, 2006. If you do not have appropriate forms to establish compliance by January 31, 2006, be certain to send your check in payment of taxes by that date. Penalties may then be avoided for at least the 4th quarter, and possibly for other quarters, depending on the date liability was incurred. Forms for processing your tax payment will then be sent.

V. PERMITTED EXCLUSIONS.

- A. Agricultural labor—UNLESS performed for an employer subject to this chapter on agricultural labor (i.e. any employer who paid cash wages for agricultural labor which totaled \$20,000 in any calendar quarter of that year or the preceding calendar year or employed as many as 10 persons in agricultural labor for some portion of a day in 20 different weeks of the current or the preceding calendar year).
- B. Domestic service in the employer's private home—UNLESS performed for an individual subject to this chapter on domestic employment (i.e. any employer of an individual in domestic service who paid cash wages of \$1,000 or more in any calendar quarter of either the current or preceding calendar year).
- C. Persons under the age of 18 selling or distributing newspapers or magazines on the street or from house to house.
- D. Individuals covered by the Railroad Unemployment Insurance Act.
- E. Crews of commercial fishing vessels of 10 net tons, or less.
- F. Insurance or real estate sales people paid by commission only.
- G. Unpaid officers of a corporation or association.
- H. Individuals employed entirely outside of Wisconsin. (Some minor exceptions.)
- I. Any person earning less than \$50 in a calendar quarter in the employ of an organization exempt from federal income tax under s. 501 (a) of the Internal Revenue Code.
- J. A sole proprietor's father, mother, spouse, or any of his/her children under the age of 18.
- K. Service performed by a full-time student as a formal and accredited part of a work-study program certified to the employer by the school.
- L. Individuals paid solely by commissions, overrides, bonuses or differentials directly derived from in-person sales primarily in the home. (If claiming this exclusion, attach an explanation.)

VI. MULTISTATE EMPLOYMENT.

These tests are applied in the following order, TO EACH EMPLOYEE, to determine to which state wages should be reported.

- A. **Localization** — An employee's services are in covered employment and "localized" in one state if all of the employee's services are performed in the state or if a majority of the employee's services are performed in that state with only incidental or temporary services performed outside of that state.
- B. **Base of Operation** — If test A does NOT apply in any state, an employee's total services are in covered employment in one state IF SOME OF THE EMPLOYEE'S SERVICES ARE PERFORMED IN THAT STATE and the employee's base of operations is in that state. ("Base of Operations" is interpreted as the place of more or less permanent nature from which the employee starts his/her work, to which he/she customarily returns, and to which the employer may direct instructions to the employee. It may be a branch office of the employer, or the place of residence of the employee.)
- C. **Place of Direction and Control** — If tests A and B do NOT apply in any state, an employee's total services are in covered employment in one state IF SOME OF THE EMPLOYEE'S SERVICES ARE PERFORMED IN THAT STATE and the place from which the employer exercises general direction and control over the employee is in that state.
- D. **Residence of Employee** — If NONE of the above tests apply in any state, an employee's total services are in covered employment in one state if some of the employee's services are performed in that state and the employee's residence is in that state.
